

February 1, 2016

Dr. Shadeiyah Shaheed-Edwards has been a guest expert for two events our foundation have held in the past year dealing with child sex trafficking prevention. Dr. Shaheed-Edwards uses her expertise to educate the audience, and her passion for guiding parents and youth, alike, is consistent. Parents have reached out to us after our events to praise Dr. Shaheed-Edwards on her follow-up in answering questions and providing feedback to help them eradicate sex trafficking in their neighborhoods.

Dr. Shaheed-Edwards has also been instrumental in providing quality data on gang intervention in South Los Angeles, specifically in the 2nd district. Her empathy level helps her to identify with her audiences, and her passion for making a difference makes her a great expert for any conference, keynote, lecture, or private event. We would recommend Dr. Shaheed-Edwards to any organization looking to have a significant impact on their audience, and, we look forward to using her expertise in future events.

Sincerely yours,

Dawn The Self Esteem Queen  
Executive Director - The SEQ Hope Foundation
